

Cache La Poudre Middle School

an IB World School

Access Policy for Cache La Poudre Middle School

Poudre School District

The International Baccalaureate (IB) Middle Years Programme (MYP) is embedded into all operations of Cache La Poudre Middle School. As part of the Poudre School District, a public school district, our schools and programs are open to all students, including students within the school attendance boundaries and those who attend due to the option of school choice. Because Cache La Poudre Middle School implements full-school MYP programmes, anyone who attends is automatically in the MYP programme. There is no separate admissions policy into the program.
