6th Grade Navigation Day

1st Day of School for 6th Graders!

Welcome to Cache La Poudre Middle School!!! The purpose of this orientation is to support a positive transition to middle school. Our 8th grade mentors, (Navigators), will be 6th graders' guides for the day. Activities will take place throughout the day, including going through your entire schedule and meeting your teachers. We can't wait to meet you!

Tips for the Day:

- Pick up your class schedule from CLPM on Monday, August 4th between 1:00-2:00 pm. (You may also bring school supplies, and practice opening your locker on this day. Schedules will also be available on ParentVue on August 8th).
- Please do not bring school supplies to school on August 13th. (You can bring them on schedule pick up day on August 4th, or on August 14th).
- School lunches will be available, or 6th graders may bring one from home. It would be a good idea to bring a water bottle!
- Buses will run their normal schedule that day.
